

Drinking Water Well Sampling Property Owner Questionnaire

If the drinking water consumed on your property comes from local groundwater (e.g., a well), the Navy would like to sample your drinking water to test for per- and polyfluoroalkyl substances (PFAS), at no cost to you. If your drinking water is supplied by the City of Milton or the Point Baker Water System, we do not need to test your drinking water.

If you do not have a drinking water well, please complete the questionnaire by completing questions 1 and 2 below (marking "no" for question 2) and return to the Navy. If your property uses local groundwater (e.g., a well) for drinking and cooking, please complete as much of the questionnaire as possible and return to the Navy. Completed forms can be returned to the Navy by:

- **mailing the form to the following address:**
Commanding Officer
Naval Air Station Whiting Field
c/o Jacobs
PO Box 3730
Decatur, GA 30031
- **completing the form online at <https://WhitingFieldPFAS.com/sampling>**
- **emailing the form to whtg_naswf_pao.fct@navy.mil**
- **leaving a voicemail at 1-844-NASWFLD (1-844-627-9353) including your name, property address, property number (if known), and telephone number**

1. Name and Property Address: _____

2. Do you have a drinking water well on your property? ___ YES ___ NO

a. If yes, do you share your well water with other residents outside your property? ___ YES ___ NO

If yes, how many properties share your well water? _____

b. If no, do you obtain your drinking water from a community well that serves more than one property?

___ YES ___ NO

(If yes, please let us know where that community well is located and provide contact information for the drinking water system operator):

3. Do you have more than one well on your property (e.g., additional well for irrigation or livestock)?
